

# CALL FOR PAPERS

**ICAFM 2021**  
**Mar 22-23, 2021**  
**Prague, Czechia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAFM 2021 : International Conference on Aerodynamics and Fluid Mechanics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aerodynamics and Fluid Mechanics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Fluid Dynamics  
Numerical Methods to Simulate  
Transient Two-Dimensional Fluid  
Flows  
Methodology in CFD  
Navier-Stokes Equation  
Aerodynamics

CFD Models  
SuperSonic Flight  
Wind Tunnel  
CFD in Medicine and Biology  
Thermo-Fluid Dynamics
