

# CALL FOR PAPERS

**ICATHA 2021**  
**Mar 22-23, 2021**  
**Prague, Czechia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICATHA 2021 : International Conference on Aquatic Toxicology and Hazard Assessment is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aquatic Toxicology and Hazard Assessment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aquatic toxicology  
Aquatic toxicology and hazard  
assessment  
Aquatic environmental health and  
toxicology  
The monitoring and assessment of  
aquatic toxicology  
Aquatic science and technology  
Aquatic toxicology and risk  
assessment

Aquatic ecology  
Aquatic chemistry and toxicology  
Aquatic toxicity testing  
Hazardous aquatic contaminants  
Aquatic organism growth inhibitor  
Water quality management
