

CALL FOR PAPERS

ICAVP 2021
Mar 22-23, 2021
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAVP 2021 : International Conference on Advanced Veterinary Pharmacovigilance is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Veterinary Pharmacovigilance. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Veterinary pharmacovigilance
Pharmacovigilance of veterinary medicinal products
Elements of veterinary pharmacovigilance
Veterinary adverse drug events
Practical veterinary pharmacovigilance
Preclinical safety testing and assessment of veterinary pharmacovigilance
Safety assessment of veterinary vaccines
Microbiological assessment of veterinary medicinal products

Adverse effects of veterinary pharmaceutical products
Adverse drug reactions in dogs
Adverse reactions to vaccines
Quantitative aspects of veterinary pharmacovigilance
Veterinary adverse reactions and crisis management
The role of veterinary pharmacovigilance in risk analysis
The role of quality assurance in veterinary pharmacovigilance
