

CALL FOR PAPERS

ICDA 2021
Mar 22-23, 2021
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDA 2021 : International Conference on Domestic Animals is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Domestic Animals. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:
