

CALL FOR PAPERS

ICEDE 2021
Mar 22-23, 2021
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEDE 2021 : International Conference on Elements of Decision Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Elements of Decision Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Decision engineering
Elements of decision engineering
Applications of decision sciences
Cost engineering and estimating,
Soft computing techniques,
Classical optimization and
simulation techniques,
Micro knowledge management
Collaborative technology
Concurrent engineering
Risk analysis

Risk management
Organizational decision making
Complexity theory and
organizations
Complex systems
Advanced analytics techniques
Inductive reasoning
Machine learning
Black swan theory
Visual decision design
