

CALL FOR PAPERS

ICFESS 2021
Mar 22-23, 2021
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFESS 2021 : International Conference on Fusion Energy Sciences and Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Fusion Energy Sciences and Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Fusion energy systems
Fusion energy sciences and
technologies
Nuclear fusion in future energy
systems

Magnetic confinement fusion
systems
Inertial confinement fusion systems
