

# CALL FOR PAPERS

**ICHE 2021**  
**Mar 22-23, 2021**  
**Prague, Czechia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHE 2021 : International Conference on Hospital Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Hospital Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Hospital engineering  
Clinical engineering  
Hospital and healthcare facility design  
Hospital construction  
Hospital engineering and commissioning  
Hospital maintenance and estate management  
Healthcare engineering organizations

Private and public health care sectors  
Hospital architectural design  
Healthcare systems  
Healthcare infrastructures  
Management of health facilities and health districts  
Human resources planning, development and management  
Information management and systems support
