

CALL FOR PAPERS

ICHIBD 2021
Mar 22-23, 2021
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHIBD 2021 : International Conference on Health Informatics and Big Data is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Health Informatics and Big Data. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Big data analytics
Big data medical devices
Big data experiences
Big data systems
Big data processing
Big data medical records
Healthcare informatics development
Healthcare informatics functions

Healthcare informatics emerging technology
Healthcare informatics epidemiology
Healthcare informatics advance practices
Healthcare informatics quality
Healthcare informatics tools
Healthcare informatics financial applications
Healthcare informatics alternative medicine
Healthcare informatics and medical technology
