

CALL FOR PAPERS

ICCNSS 2021
Mar 04-05, 2021
Rio de Janeiro, Brazil

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCNSS 2021 : International Conference on Computer Networks and Systems Security is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer Networks and Systems Security. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computer Networks and Systems Security
Active Defense Systems
Adaptive Defense Systems
Benchmark, Analysis and Evaluation of Security Systems
Distributed Access Control and Trust Management
Distributed Attack Systems and Mechanisms
Distributed Intrusion Detection/Prevention Systems
Denial-of-Service Attacks and Countermeasures
High Performance Security Systems
Identity Management and Authentication
Implementation, Deployment and Management of Security Systems
Information Systems Security
Intelligent Defense Systems

Internet and Network Forensics
Large-scale Attacks and Defense
RFID Security and Privacy
Security Architectures in Distributed Network Systems
Security for Critical Infrastructures
Security for P2P systems and Grid Systems
Security in E-Commerce
Security and Privacy in Wireless Networks
Secure Mobile Agents and Mobile Code
Security Protocols
Security Simulation and Tools
Security Theory and Tools in Network Systems
Standards and Assurance Methods
