

# CALL FOR PAPERS

**ICAASS 2021**  
**Mar 04-05, 2021**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAASS 2021 : International Conference on Astronomy, Astrophysics, Space Science is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Astronomy, Astrophysics, Space Science. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Astronomy, Astrophysics, Space Science  
Astrophysics and Space Sciences  
Brown Dwarfs and Planets  
Celestial mechanics  
CMB Polarization (POLARBEAR)  
Computational Astrophysics  
Cosmic rays and gamma astronomy  
Cosmic Rays, High Energy Astronomy  
Cosmology  
Dark Matter/Energy Theory  
Earth-moon system  
Earth's surface  
Extragalactic astronomy

Extrasolar planets  
Gravitation Astrophysics  
Heliospheric physics  
High-energy astrophysics  
Interstellar matter  
Life sciences as related to Space Sciences  
Magnetospheric physics  
Miscellaneous  
Neutrino/Nuclear Astrophysics  
Observational Cosmology  
Origin of Structure  
Particle astrophysics  
Planets ionospheres and magnetospheres
