

CALL FOR PAPERS

ICAMPT 2021
Mar 04-05, 2021
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMPT 2021 : International Conference on Advanced Materials Processing Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Materials Processing Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Materials Processing Technology
Materials Casting
Materials Forming
Materials Machining
Surface Engineering / Coatings
Welding and Joining
Laser Processing Technology
Microwave Processing of Materials
Processing Technology for
Functional Materials

Advanced Composite and Hybrid
Processes
Modeling and Simulation of
Manufacturing Processes
Low Cost Packaging
Design and Behavior of Equipments
and Tools
Evolution of Material Properties
Material Design of Computer Aided
Function Test and Evaluation
Technology
Green Manufacturing and Processing
