

# CALL FOR PAPERS

**ICHSI 2021**  
**Mar 04-05, 2021**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHSI 2021 : International Conference on Health System Infrastructure is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Health System Infrastructure. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Healthcare infrastructure and technology  
Healthcare systems  
Healthcare infrastructures and case studies  
Advances in healthcare infrastructures and applications  
Infrastructure environments  
The capacity-building and support activities  
Management of health facilities and health districts  
Quality improvement  
Infrastructure development

Medical devices including equipment  
Human resources planning, development and management  
Information management and systems support  
Values and attitudes of staff  
Reduction of waiting time  
Cleanliness and hygiene  
Patient safety, clinical care and governance  
Infection prevention and control  
Availability of basic medicines and supplies
