

CALL FOR PAPERS

ICAETSAQG 2021
Mar 29-30, 2021
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAETSAQG 2021 : International Conference on Adaptive Educational Technology Systems and Automated Question Generation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Adaptive Educational Technology Systems and Automated Question Generation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Inquiry-based systems
Learning analytics
Automated question generation
Sense-making & the human computer interface
Adaptive dialogue systems

Adaptive assessment systems
Adaptive feedback generation systems
Adaptive modelling techniques
Adaptive MOOC
