

CALL FOR PAPERS

ICCAT 2021
Mar 29-30, 2021
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCAT 2021 : International Conference on Computer-Aided Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer-Aided Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computer-aided technologies
Product lifecycle management

Product data management
Finite element analysis

CAX software tools
(CAD/CAM/CAE/CAID/CARD/CARE/CASE/
PLM/ERP/DNC/CAQ)

Data mining
Digital/virtual prototyping, object
archival and retrieval

Enterprise resource planning

Knowledge based engineering

Computer aided manufacturing
technologies

Computation geometry

Computer graphics

Human machine and human computer
interaction

Optimization
