

CALL FOR PAPERS

ICCFC 2021
Mar 29-30, 2021
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCFC 2021 : International Conference on Cloud Forensics and Cybercrime is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cloud Forensics and Cybercrime. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cloud Forensics
Cloud forensics and applications
Advances in cloud forensics
Digital evidence search and seizure in the cloud
Forensics soundness and the cloud
Cybercrime investigation in the cloud
Incident handling in the cloud
eDiscovery in the cloud
Investigative methodologies for the cloud
Forensics readiness in the cloud
Challenges of cloud forensics

Legal aspect of cloud investigations
Tools and practices in cloud forensics
Case studies related to cloud forensics
Forensics-as-a-Service
Criminal profiling and reconstruction in the cloud
Data provenance in the cloud
Law enforcement and the cloud
Big data implications of cloud forensics
Economics of cloud forensics
Current and future trends in cloud forensics
Grid forensics
