

# CALL FOR PAPERS

**ICCFs 2021**  
**Mar 29-30, 2021**  
**Singapore, SG**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCFs 2021 : International Conference on Cloud Forensics and Security is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cloud Forensics and Security. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Cloud Forensics  
Cloud forensics and applications  
Advances in cloud forensics  
Digital evidence search and seizure in the cloud  
Forensics soundness and the cloud  
Cybercrime investigation in the cloud  
Incident handling in the cloud  
eDiscovery in the cloud  
Investigative methodologies for the cloud  
Forensics readiness in the cloud  
Challenges of cloud forensics

Legal aspect of cloud investigations  
Tools and practices in cloud forensics  
Case studies related to cloud forensics  
Forensics-as-a-Service  
Criminal profiling and reconstruction in the cloud  
Data provenance in the cloud  
Law enforcement and the cloud  
Big data implications of cloud forensics  
Economics of cloud forensics  
Current and future trends in cloud forensics  
Grid forensics
