

CALL FOR PAPERS

ICHAV 2021
Mar 29-30, 2021
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHAV 2021 : International Conference on Hybrid Air Vehicles is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Hybrid Air Vehicles. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Hybrid airships
Hybrid air vehicles and their usage
Features of hybrid airships
Design of hybrid airships and recent technologies

Early and hybrids
Current projects carried out in the industry
Advantages and disadvantages of hybrid airships
Simulation, control, design, and analysis applications
