

CALL FOR PAPERS

ICQASQ 2021
Mar 29-30, 2021
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICQASQ 2021 : International Conference on Quantitative Approaches to Software Quality is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Quantitative Approaches to Software Quality. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Quantitative approaches to software quality
New approaches to measurement, evaluation, comparison and improvement of software quality
Successful or failed application of quantitative approaches to software quality
Tools, infrastructure and environments supporting quantitative approaches

Empirical studies, evaluation and comparison of measurement techniques and models
Quantitative approaches to test process improvement, test strategies or testability
Empirical evaluations or comparisons of testing techniques in industrial settings
