

# CALL FOR PAPERS

**ICBIDS 2021**  
**Mar 29-30, 2021**  
**Sydney, Australia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBIDS 2021 : International Conference on Biomedical Informatics and Data Science is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biomedical Informatics and Data Science. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biomedical informatics	Human genetics
Biomedical and health informatics	Image informatics
Biomedical and health data science	Medical devices and diagnostics
Aged care informatics	Medical informatics
Bioinformatics and biomedical informatics	Nursing informatics
Clinical bioinformatics	Pharmacy informatics
Clinical informatics	Public health informatics
Clinical research informatics	Telehealth and telemedicine
Consumer health informatics	Translational bioinformatics
Health services
