

# CALL FOR PAPERS

**ICCATI 2021**  
**Mar 25-26, 2021**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCATI 2021 : International Conference on Aquaculture Technology and Innovations is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aquaculture Technology and Innovations. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aquaculture technology  
Aquaculture production technology  
Fisheries and aquaculture  
Fish farms and technology  
Fish capture and fishing gears  
Fish pathology  
Fisheries statistics  
Aquaculture industry  
Freshwater fisheries  
Pelagic fisheries

Shellfish fisheries  
Marketing and pricing of fish  
Regulating fisheries  
Ocean farm technologies  
Food security and small scale aquaculture  
Fish and human health  
Over fishing and ecosystem degradation  
Climate change and aquatic biodiversity  
Technological advances in aquaculture  
Challenges in aquatic health management
