

# CALL FOR PAPERS

**ICEAAT 2021**  
**Mar 25-26, 2021**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEAAT 2021 : International Conference on Experimental Aircrafts and Advanced Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Experimental Aircrafts and Advanced Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Experimental aircrafts  
Current experimental aircrafts  
History and concepts of  
experimental aircrafts  
Current tests and technologies

Experimental and homebuilt  
aircrafts  
Testing and development of new  
aircrafts  
Simulation methods for experimental  
aircrafts  
New electronics and avionics  
technologies for experimental  
aircrafts
