

# CALL FOR PAPERS

**ICBPBO 2021**  
**Apr 22-23, 2021**  
**New York, USA**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBPBO 2021 : International Conference on BioPhotonics and Biomedical Optics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of BioPhotonics and Biomedical Optics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

BioPhotonics  
Biomedical Optics  
BioPhotonics and Imaging  
Advanced Microscopy Techniques  
Clinical and Biomedical  
Spectroscopy and Imaging  
Diffuse Optical Imaging  
Optical Coherence Tomography and  
Coherence Techniques  
Medical Laser Applications and  
Laser-Tissue Interactions  
Opto-Acoustic Methods and  
Applications  
Novel Biophotonic Techniques and  
Applications

Neurophotonics  
Photonic Therapeutics and  
Diagnostics  
Clinical Technologies and Systems  
Tissue Optics, Laser-Tissue  
Interaction, and Tissue  
Engineering  
Biomedical Spectroscopy,  
Microscopy, and Imaging  
Nano/Biophotonics  
Biophotonics and Biomedical Optics  
Neurophotonics, Neurosurgery, and  
Optogenetics  
Translational Research  
3D Printing
