

CALL FOR PAPERS

ICAD 2021
Apr 08-09, 2021
Athens, Greece

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAD 2021 : International Conference on Autonomic Drugs is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Autonomic Drugs. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Autonomic drugs/autonomic nervous system drugs
Autonomic pharmacology
Autonomic receptors
Functional organization of autonomic activity
Central integration
Integration of cardiovascular function
Postsynaptic regulation
Pharmacologic modification of autonomic function
Clinical pharmacology of autonomic drugs
Cholinoceptor-activating drugs

Cholinesterase-inhibiting drugs
Cholinoceptor-blocking drugs
Adrenoceptor agonists drugs
Sympathomimetic drugs
Adrenoceptor antagonist drugs
Nonadrenergic and noncholinergic neurons
Effect of autonomic drugs on the responses
Electric and motor effects of autonomic drugs
The action of autonomic drugs on normal persons and neuropsychiatric patients
