

CALL FOR PAPERS

ICNES 2021
Apr 08-09, 2021
Athens, Greece

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNES 2021 : International Conference on Nanomaterials for Energy Storage is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Nanomaterials for Energy Storage. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nanomaterials for energy storage
and saving applications
Nanomaterials design and synthesis
Electrode materials binders and
electrolytes for batteries
Dual-ion batteries
Capacitors and supercapacitors

Fuel cells
Thermal energy storage
Chemical energy storage
Performance, lifetime, and
degradation studies
