

CALL FOR PAPERS

ICHTA 2021
Apr 15-16, 2021
Cape Town, South Africa

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHTA 2021 : International Conference on Heat Transfer and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Heat Transfer and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Simulation and Experiments in Heat Transfer and Applications
Heat exchangers
Advances in computational methods
Natural and forced convection and radiation
Multiphase flow heat transfer
Modelling and experiments
Heat transfer in energy producing devices

Nanotechnologies
Heat recovery
Advanced thermal materials
Heat and mass transfer problems
Radiofrequency and thermal dosimetry
Heat transfer in therapeutic applications
