

CALL FOR PAPERS

ICAS 2021
Apr 29-30, 2021
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAS 2021 : International Conference on Arachnological Studies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Arachnological Studies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Arachnology
Arachnids: spiders, scorpions,
pseudoscorpions, and harvestmen
Taxonomy and systematics for
arachnids
Anatomy or physiology of arachnids

The venom of spiders and scorpions
Spiders in agricultural ecosystems
Behavioral ecology
Arachnological societies and
journals
