

CALL FOR PAPERS

ICCHD 2021
Apr 29-30, 2021
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCHD 2021 : International Conference on Child Healthcare and Development is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Child Healthcare and Development. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Child healthcare

Early adversities, family support,
and child well-being

Child: care, health and
development

Epidemiology of illnesses in
children

Children with mental health and
substance abuse problems
