

CALL FOR PAPERS

ICIAAE 2021
Apr 29-30, 2021
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIAAE 2021 : International Conference on Innovative Architecture and Architectural Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Innovative Architecture and Architectural Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Innovative technologies in
architecture
Smart structures and material
technologies in architecture
applications
Innovative architecture methods and
strategies

Creativity and innovation in
architectural design process
Architectural innovation and
dynamic competition
Innovative design in affordable
housing
