

CALL FOR PAPERS

ICLRER 2021
Apr 29-30, 2021
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLRER 2021 : International Conference on Land Reclamation and Environmental Restoration is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Land Reclamation and Environmental Restoration. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Mining impact on environment
Monitoring, prediction and
assessment of mining impact on land
environment
Mining methods and measurements to
minimize the land and environment
impact
Mining and reclamation policies,
regulations and standard
Soil and landscape reconstruction
Re-vegetation and biodiversity
protection
Subsidence land reclamation and
ecological restoration
Surface mined land reclamation and
ecological restoration

Solid wastes management, waste dump
and tailings pond restoration
Abandoned mine land reclamation and
ecological restoration
Contaminated land remediation
Reclaimed land monitoring and
evaluation
Land reclamation supervision
Products and industrialization
Education, technology transfer and
international cooperation of mine
land reclamation
