

CALL FOR PAPERS

ICMLCM 2021
Apr 29-30, 2021
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMLCM 2021 : International Conference on Multi-Level Classrooms Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Multi-Level Classrooms Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Multi-level classrooms

Types of multi-level classrooms

Strategies for the multi-level classroom

Levels of proficiency in the multilevel classroom

Multi-age learning

Multi-level selective classes for gifted students

Managing student levels in a multi-level classroom

Multi-level teaching strategies

Multilevel instructional strategies

Self-access materials

Groups and pairings

Multi-level groups

Cooperative learning groups

Grouping strategies in the multilevel classroom
