

CALL FOR PAPERS

ICMTPC 2021
Apr 29-30, 2021
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMTPC 2021 : International Conference on Manufacturing Technology of Polymer Composites is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Manufacturing Technology of Polymer Composites. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Manufacturing of polymer
composites
Mechanical properties
Different composites fabrication
processes

Characterization
Modelling of polymer composites
Structural health monitoring of
composite materials
