

# CALL FOR PAPERS

**ICSALET 2021**  
**Apr 29-30, 2021**  
**Jerusalem, Israel**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSALET 2021 : International Conference on Sustainable Architecture, Landscaping, Environment and Technology is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sustainable Architecture, Landscaping, Environment and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Architectural engineering  
Sustainable architecture  
Negative environmental impact of buildings  
Technology  
Engineering Applications  
Efficiency and moderation of materials, energy and development  
Energy and ecological conservation  
Sustainable energy use  
Heating, ventilation and cooling system efficiency  
Renewable energy generation  
Solar panels  
Wind turbines

Solar water heating  
Heat pumps  
Sustainable building materials  
Recycled materials  
Lower volatile organic compounds  
Materials sustainability standards  
Waste management  
Building placement  
Sustainable building consulting  
Changing pedagogies  
Sustainable urbanism and architecture  
Low-energy house and zero-energy building
