

CALL FOR PAPERS

ICSFMLP 2021
Apr 29-30, 2021
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSFMLP 2021 : International Conference on Sustainable Farm Management and Livestock Production is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sustainable Farm Management and Livestock Production. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Precision Crop Production
Sustainable Farm Management
Harvesting, Processing, Storing and
Transport
Biogas and Pyrolysis Gas
Liquid Biofuels
Postharvest Handling Systems
Bioenergy and Biofuels
Vehicles and Fuels
Postharvest Losses and Food Waste
The Agri-Food Chain and
Agricultural Ict Policy
Semantic Interoperability and
Knowledge Management
Artificial Intelligence, The Cloud,
Big Data, Analytics and
Visualization

Renewable Energy
Climate Control in Livestock
Production
Management of Agricultural Waste
Food Science and Technology
Ergonomics and Ergodesign
Agricultural Engineering
Precision Agriculture
Livestock Technology
Production Engineering
Automation Technology
Agricultural Economics
Employee in Agriculture And
Digitalisation
