

CALL FOR PAPERS

ICVB 2021
Apr 29-30, 2021
Jerusalem, Israel

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVB 2021 : International Conference on Vertebrate Biology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Vertebrate Biology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Vertebrate biology
Systematics and evolution
Zoogeography
Ecology
Morphology
Reproduction
Early chordates

Fish, amphibians, reptiles, birds,
and mammals
Population dynamics
Movement and migration
Behavior
Study methods
Extinction processes
Conservation and management
