

CALL FOR PAPERS

ICBBTE 2021
Apr 22-23, 2021
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBBTE 2021 : International Conference on Biomaterials, Biomechanics and Tissue Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biomaterials, Biomechanics and Tissue Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biomaterials
Biomaterialization
Self-assembly
Structural hierarchy
Biohybrid artificial organs
Blood-Material Interactions
Tissue Engineering
Regenerative medicine
Biopolymers
Biomaterialization
Joint replacements
Bone plates
Bone cement

Artificial ligaments and tendons
Dental implants for tooth fixation
Blood vessel prostheses
Heart valves
Skin repair devices (artificial tissue)
Cochlear replacements
Contact lenses
Breast implants
Drug delivery mechanisms
Sustainable materials
Vascular grafts
Stents
Nerve conduits
