

CALL FOR PAPERS

ICBPBO 2021
Apr 22-23, 2021
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBPBO 2021 : International Conference on BioPhotonics and Biomedical Optics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of BioPhotonics and Biomedical Optics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

BioPhotonics
Biomedical Optics
BioPhotonics and Imaging
Advanced Microscopy Techniques
Clinical and Biomedical
Spectroscopy and Imaging
Diffuse Optical Imaging
Optical Coherence Tomography and
Coherence Techniques
Medical Laser Applications and
Laser-Tissue Interactions
Opto-Acoustic Methods and
Applications
Novel Biophotonic Techniques and
Applications

Neurophotonics
Photonic Therapeutics and
Diagnostics
Clinical Technologies and Systems
Tissue Optics, Laser-Tissue
Interaction, and Tissue
Engineering
Biomedical Spectroscopy,
Microscopy, and Imaging
Nano/Biophotonics
Biophotonics and Biomedical Optics
Neurophotonics, Neurosurgery, and
Optogenetics
Translational Research
3D Printing
