

CALL FOR PAPERS

ICGT 2021
Apr 19-20, 2021
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICGT 2021 : International Conference on Green Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Green Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Renewable Energy Systems
Sustainable Smart Cities
Bio Energy Conversion
Energy Efficient Building and Green Design
Advanced Energy Materials
Waste to Energy (WtE)

Energy Storage Technologies
Bio Process Engineering
Bio Sensors and Bio Electronics
Zero Net Energy Buildings / Cities
Smart Energy Solution for combating Global Warming
