

# CALL FOR PAPERS

**ICPASS 2021**  
**Apr 19-20, 2021**  
**Paris, France**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPASS 2021 : International Conference on Polymeric Actuators and Smart Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Polymeric Actuators and Smart Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Polymeric actuators  
Nanocomposites  
Green chemistry  
Eco friendly materials  
Biocompatible materials  
Multiphysics models

Medicine  
Nanomedicine  
Aerospace  
Robotics  
Bio-inspired robotics  
Smart systems
