

# CALL FOR PAPERS

**ICEECA 2021**  
**Apr 08-09, 2021**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEECA 2021 : International Conference on Electrical Engineering and Control Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Electrical Engineering and Control Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Control and systems engineering  
Biomedical control systems · Fuzzy systems  
Robust, predictive and adaptive control  
optimal and stochastic control  
Real-time control  
Mechatronics and Robotics  
Hybrid systems  
Modelling and Control systems  
Intelligent control systems  
Control and Embedded systems  
Renewable Energy  
Bioenergy and sustainability ·  
Wind Energy,

Solar energy,  
Thermal Energy,  
Hybrid renewable energy,  
Fuel cell,  
Energy storage and management,  
Energy transfer,  
Faults Diagnosis-Faults Tolerant Control  
Fault accommodation  
Fault detection and identification  
Fault diagnosis, Fault estimation  
Fault tolerant systems  
System reconfiguration
