

# CALL FOR PAPERS

**ICCDMMS 2021**  
**Apr 22-23, 2021**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCDMMS 2021 : International Conference on Ceramic Design, Materials, Mechanics and Structures is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Ceramic Design, Materials, Mechanics and Structures. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Ceramic engineering  
Ceramic engineering and applications  
Applications of ceramic engineering  
Advanced ceramic materials  
Structure and properties of ceramics  
Microstructure of ceramics  
Ceramics and composites  
Composite ceramic materials  
Ceramic coatings  
Nanostructured ceramics  
Porous ceramics  
Sintering and crystalline materials  
Ceramics applications

Bioceramics and medical applications  
Functional ceramics and inorganics  
Ultra-high temperature ceramics  
Ceramic compounds: ceramic materials  
Ceramics in biology and medicine  
Ceramic industry and environment  
Non-oxide ceramics  
Nuclear ceramics  
Sols, gels and organic chemistry  
Ceramic engineering in aerospace  
Ceramic engineering in construction  
Ceramic engineering in electronics  
Ceramic engineering in medicine
