

CALL FOR PAPERS

ICMIDI 2021
May 27-28, 2021
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMIDI 2021 : International Conference on Micro-Irrigation and Drip Irrigation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Micro-Irrigation and Drip Irrigation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Micro-irrigation
Micro irrigation systems
System components
Hydraulic design of
micro-irrigation systems
Micro-irrigation technology
Emission devices
Microtubing
Fixed flow drip emitters

Adjustable drip emitters
Micro-sprinklers
Ecological restoration and
phytoremediation projects
Water conservation and regulations
Monitoring soil water
Micro-irrigation management
Sustainable micro irrigation
management
Drip irrigation for agriculture
