

CALL FOR PAPERS

ICMTS 2021
May 27-28, 2021
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMTS 2021 : International Conference on Multimedia Technology and Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Multimedia Technology and Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Information Technologies
Communication and Network
Technologies
Distributed Systems
Communication Networks and
Protocols
