

CALL FOR PAPERS

ICESB 2021
May 13-14, 2021
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICESB 2021 : International Conference on Environmental Systems and Biotechnology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environmental Systems and Biotechnology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Environmental Systems and
Biotechnology
Air, Soil and Water Pollution
Air Quality Management
Architecture and Urban Systems
Biodiversity Conservation
Bioenergy, Biomass and Biofuels
Biomaterials and Biomanufacturing
Systems
Biosystems Analysis and Modeling
Biotechnology in Life Sciences
Carbon Sequestrations
Clean Fuel and Clean Energy
Clean and Green Production
Climate and Environmental Change

Computational Environmental Systems
Cultural Heritage and Ecotourism
Ecological Biosystems and
Biotechnology
Energy and Power Systems
Environmental Assessment
Environmental Auditing and
Compliance
Environmental Awareness and
Education
Environmental Biology
Environmental Chemistry
Environmental Economics
Environmental Geosciences
Environmental Impact Assessment
Environmental Integrated Management
and Policy Making
