

CALL FOR PAPERS

ICB 2021
May 24-25, 2021
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICB 2021 : International Conference on Botany is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Botany. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biogeography
Conservation Biology
Ecophysiology
Evolutionary Developmental Biology
Population Genetics
Genomics / Proteomics / Metabolics
Phylogenomics
Cell Structure and Function
Epigenetics
Hybrids and Hybridization

Molecular Ecology and Evolution
Pollination Biology
Photosynthesis
Biotic Stress and Abiotic Stress
Plant Hormones: Biosynthesis,
Signal Transduction, Action
Symbioses: Plant, Animal, and
Microbe Interactions
Plant Pathology
Phytochemicals and Phytochemistry
Systematic Botany
Economic Botany
