

CALL FOR PAPERS

ICAFMS 2021
May 20-21, 2021
Berlin, Germany

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAFMS 2021 : International Conference on Agile and Flexible Manufacturing Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agile and Flexible Manufacturing Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Sustainability and Production
Management
Automation Development
Industrial Design
Emerging Technologies in Design and
Manufacturing
Flexible Manufacturing Systems
Green Manufacturing
Manufacturing Innovations
Production Engineering
Computer-Aided Design and
Manufacturing
Control Devices and Instruments
Industrial Applications of Control

Knowledge Based Production
Management
Agile and Flexible Manufacturing
Systems
Advanced Design, Production
Processes and Devices
Design of Machines and its
Applications
Productivity Management
Factory Planning
Robot Mechanism and Control
Intelligent Manufacturing Systems
Knowledge Engineering
Production Planning and Control
Materials Science
