

CALL FOR PAPERS

ICDBA 2021
May 06-07, 2021
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDBA 2021 : International Conference on Driver Behavior Analysis is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Driver Behavior Analysis. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Driver behavior modeling
Risk assessment
Time response
Road safety
Simulation-based safety evaluation

Driver behavior characterization
using multiple dynamic models
Dynamic modeling of driver control
strategy
Driver behavior analysis and route
recognition
Choice dynamics in traffic
networks
Monitoring and improving driver
behavior
