

CALL FOR PAPERS

ICGA 2021
May 06-07, 2021
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICGA 2021 : International Conference on Geography and Anthropology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Geography and Anthropology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Applied Geography	Environmental Science and Policy
Building and Environment	Geography
Business Strategy and the Environment	Geography and Anthropology
City Planning and Development	Geopolitics
Climate Change	Georegional Politics
Computers, Environment and Urban Systems	Global Development
Cultural Geographies	Global Environmental Change
Earth Surface Processes and Landforms	Government and Policy
Economic Geography	Health and Place
Ecosystem Services	Land Use Policy
Energy for Sustainable Development	Landscape Ecology
Environment and Planning	Long Range Planning
