

# CALL FOR PAPERS

**ICHIPT 2021**  
**May 06-07, 2021**  
**Dubai, UAE**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHIPT 2021 : International Conference on Information Hiding and Image Processing Techniques is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Information Hiding and Image Processing Techniques. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

#### Information hiding

Watermarking: techniques, attacks, protocols, applications

Steganography and steganalysis: techniques, protocols, applications

Cryptography and cryptanalysis: techniques, protocols, applications

Data authentication issues and access control themes

Broadcast and public-key encryption

Forensic analysis and tracing

traitors  
Digital rights management and legal aspect

RFID security and home network privacy

Platform integrity and trusted computing

Systems engineering and development for information hiding and security

ASIC/FPGA/GPGPU design and implementation for information hiding and security

Enabling technologies and emerging standards for information hiding and security

#### Image processing

Acoustic imaging

Color imaging

Computer vision

Digital photography

Digital video

Feature extraction

Holographic imaging

Image acquisition techniques

Image and pattern analysis

Image compression

Image enhancement
