

CALL FOR PAPERS

ICMDOA 2021
May 06-07, 2021
Dubai, UAE

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMDOA 2021 : International Conference on Multidisciplinary Design Optimization Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Multidisciplinary Design Optimization Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Multidisciplinary design
optimization
Modern multidisciplinary design
Conventional and optimal design
process
Multidisciplinary design
optimization methods

Multidisciplinary design
optimization algorithms
Performance based multidisciplinary
design optimization
Simulation-based multidisciplinary
design architecture
Knowledge based multidisciplinary
design
