

# CALL FOR PAPERS

**ICACA 2021**  
**May 06-07, 2021**  
**Istanbul, Turkey**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACA 2021 : International Conference on Animal Cloning Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Animal Cloning Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Animal cloning  
Transgenic animals  
Genetically modified animals  
Transgenic animals in  
biotechnology  
Gene transfer technology  
Animal genetics and breeding  
Applications of animal  
biotechnology  
Cloned and transgenic animals and  
their regulation

Advancement in animal transgenesis  
Benefits of transgenic animal and  
cloning  
Biopharming and gene knockout  
Embryonic stem cell method in  
animals  
Microinjection for animals  
Production of transgenic animal  
Somatic cell nuclear transfer
